SS3 Pile Monitor

Base system

Major components carry a **one year** guarantee excluding mis-use and physical damage.

Angle Sensors

Compact solid state 3 axis accelerometer with gyro compensation. Stainless steel, IP67. CAN J1939. Steel mounting bracket. Can be mounted anywhere on the front end equipment in any orientation. Direct drive performance.

Display

Solid state, IP65, RAM mount to window or dash. 4.3" or 2.8" backlit colour LCD. 7 x backlit, tactile keys. 1 x CAN bus. 11 - 30VDC.

Cabling

Industry standard multi-core screened with M12 connectors.

Control Module

The SS3 control module samples angle data 250 times a second providing precise control.

Components are supplied by a leading edge German manufacturer with a 50 year track record in industrial control. Reliability and longevity are key.

Bar occasional visual inspection, the system is maintenance free.
